Page - 2 -

Legend

- 1.... A stone bridge over the old riverbed of the river Bilina
- 2.... The "Patria" mine
- 3.... Road to the "Patria II" mine
- 4.... The village of Chuderice
- 5.... The church on the main square
- 6.... The State highway Bilina - Teplice - Sanov. The highway is 12 meters wide and made of asphalt.
- 7.... The old river bed of the Bilina river
- 8.... The "Bilina" river
- 9.... A transformer station for the "Patria" mine
- 10.... The district road Chuderice - Radovesice
- 11.... The barracks of Antiaircraft Unit No 182 (182 P L) which were rebuilt during 1950 - 1951. The main brick building with tile roof is a storehouse for various materials, the augmentation storehouse, garages and the kitchen. On the first floor soldiers are accommodated.
- 12.... The barracks garden
- 13.... The guardhouse for the sergeant of the guard at the entrance of the barracks
- 14.... The barracks yard
- 15.... Gasoline pump, underground gasoline reservoir, which was built in 1950-1951.
- 16.... The workshops
- 17.... A bunker, made of reinforced concrete, sunk in the ground. This bunker was built during the First Republic (before World War II), was not damaged during World War II and is, therefore, still in good condition and can be used any time.
- 18.... Antiaircraft guns of the heavy antiaircraft artillery in position to protect the barracks, the town and the "Union" plant against air raids. Antiaircraft Unit No 182 (182 PL) in Bilina was specially assigned to protect the "Union" plant against air raids. Bunkers for soldiers and ammunition depot.
- 19.... Boundaries of the barracks area of Antiaircraft Unit No 182 (182 PL), enclosed on the southern side by a hedge.
- 20.... A military training ground
- 21.... A single story, wooden, barrack, 50 x 12 meters, which accommodates officers, cadets and non-coms of the basic services. Sometime ago wooden barracks, built by Germans were located there. These barracks were dismantled later and the parts removed.
- 22.... A training ground and a playground
- 23.... Old garages of an antiaircraft unit (PL) which was formerly located in Karlovy Vary (Carlsbad) and which was, in November 1950, transferred to the Gaste in Bilina. The garages are empty now and serve for storing of straw.
- 24.... The new garages, made of wood, on a brick base, 60 x 15 meters. Up to January 1951, 50 trucks were kept there; at the present time they serve again only for storing of straw.
- 25.... The infantry rifle range, 200 meters long with two emplacements (shooting platforms). On this range only the first class (group) of targets at sharp-shooting for rifles, automatic rifles, and pistols can be practiced.
- 26.... The Staff Command of Antiaircraft Unit No 182 (182 PL). It consists of a two-story brick building 16 x 16 meters, with a tile roof. This building is watched day and night by guards equipped with automatic rifles. Also inside the buildings there are guards posted day and night. In addition to this every night a non-com of the Staff Command is on duty there. A telephone switchboard is located there, directly connected with the barracks, the STB and SPB Units (police), the city authorities and the post-office.
- 27.... A new apartment house for officers, 60 x 20 meters.
